

# The Abingdon Kiwanian

Tues, June 9, 2009 • Vol 1, No 5

## Stunt Pilots Will Perform This Year

A weekly publication of news, information and images from the Kiwanis Club of Abingdon, Virginia

### This Week's Program

## A Retirement Community for Abingdon, Really?

**Frank Peck** is one of the key players in the group that wants to make Abingdon's dream of a multi-stage retirement community come true. Frank is a consultant for the developer, Smith/Packett, and has a long history of work in Virginia healthcare. With help of a slideshow presentation, he will give us an overview of the project, the hurdles remaining, and how this development will benefit the town and area when completed.

### Last Week

The Lucky Number Winner left before the drawing, so no photo could be taken. But we have others ...

## Wings and Wheels 2009

Saturday, July 25, Virginia Highlands Airport

**Club President Gary Crane** and **Past-President Bob Craig**, our dauntless co-chairs, are up to their ears in work, hoping

to top last year's boffo event. This duo had the idea of staging an antique car and aircraft show as a club fund-raiser, the Board said try it, and Va. Highlands Airport last July was jammed with happy patrons. How to top that very successful show and hopefully increase profits? Move the site on the airport to give us more space and on-site parking, add a 90-minute air show, adjust admission fees, and generally try to have more and better of everything.

### Meet the New Member

**Kathy Tickle** is back in Kiwanis. She joined the club in 2004 and, three years later, was chosen Vice-President. A severe mold disease caused her to leave the club and her job as Director of Nursing at Johnston Memorial. Now, she has recovered, so welcome back!

*Say Bob, how is Wings and Wheels coming?*

*Gary, how would I know? I've been hiking on the Isle of Man.*
